APPLICATIONS, RECOMMENDATIONS, DECISIONS and INFORMATION

Date 12 September 2018

Week Number 36

The Planning Schedule

The Planning Schedule

The Planning Schedule is issued every week and contains information on a range of planning matters.

The Schedule is distributed to all Councillors, Community Councils and statutory consultees. It is available on the Council's internet site – www.stirling.gov.uk. Information on all planning applications submitted to the Council may also be obtained from.

Interested in a Planning Application?

Every planning application is given a unique reference number. Information on all planning applications is available on line from www.stirling.gov.uk/onlineplanning. Simply input the reference number and you will be able to view relevant information on the planning application, including the application form and plans.

If you are enquiring about any application please contact the Officer shown in the Schedule and refer to the application reference number.

Advice for Community Councils:

Community Councils will be sent this Schedule and be invited to make comment on any planning application that they consider raises issues for the wider community. These comments will then be considered to form a statutory consultation response.

Community Councils should send their comments as soon as possible as we cannot delay consideration of a planning application where a planning application is otherwise ready to be determined.

Community Councils are expected to act within the provisions on PAN47, and concern themselves only with cases that raise issues of genuine community interest. Householder applications will rarely involve issues of this kind.

What Are Our Procedures for Handling and Determining Planning Applications?

We have published procedures for handling and determining planning applications. These are set out in the [Planning Toolbox](#) which aims to give an explanation of how planning applications are handled and determined in Stirling Council.

It is recommended that if you wish to make comment on a planning application that you read these procedures as they help to explain how we deal with comments on planning applications, how we determine planning applications, who determines planning applications and the procedures that we follow, including some key timescales for applicants, objectors and other interested parties.

Deciding Planning Applications – Understanding the Information in this Schedule

We provide below a brief explanation of how decisions on planning applications are made. Please note that this is more fully explained in the [Planning Toolbox](#)

Planning applications submitted to Stirling Council are determined in the following ways:

Under Delegation – the application will be determined by an Appointed Officer and his decision will appear in the Schedule under Decisions of Appointed Officers – see below

By Planning and Regulation Panel – the application will be determined by the Planning Panel having considered the Planning Officer's recommendation and any other relevant representations.

By Full Council – if an application is a major development (see below) and is significantly contrary to the development plan then it will be determined by full Council. This procedure happens very infrequently

Delegated Decisions

Generally applications for developments which are classified as “local developments” will be determined by planning officers (the ‘Appointed Officer’). There are certain exceptions - see Scheme of Delegation below.

These decisions appear in the Schedule as a matter of record only.

The applicant has a right of review of the Appointed Officer’s decision. The Council’s Local Review Body will consider any such review.

Planning Panel Recommendations

Some planning applications are determined by Planning and Regulation Panel – see Scheme of Delegation below. The Schedule sets out the Appointed Officers recommendations for planning applications scheduled to be determined at the next Planning and Regulation Panel. It is important to note that these are recommendations and not decisions as the Panel may not follow necessarily follow the recommendation.

Planning Panel Decisions

This section contains the decisions of the Planning Panel.

Scheme of Delegation for Determining Planning Applications

The full version of the Scheme of Delegation can be viewed on pages of 20 and 21 on the Planning Toolbox which can be found at: [Planning Toolbox](#)

Provided below is a shortened easy read version of the Scheme of Delegation:

Almost all householder planning applications (eg. extension to a dwelling house) will be determined under delegation. Most other planning applications will be determined by planning officers except in the following circumstances:

- (a) The Council has a financial or other interest in the planning application that is contrary to the development plan and planning officers wish to approve the planning application; or
- (b) The planning application is made by a Councillor; or
- (c) A local ward Councillor has requested that the planning application be determined by Planning and Regulation Panel. The request must be made within 25 days of the planning application being registered; or
- (e) A local ward Councillor has requested that they be notified of the planning officers’ considerations. The Councillor must request a notification within 25 days of registration. The Councillor can then remit the application to Planning Panel but the request must be within 56 hours of the notification being sent; or
- (f) The application receives 5 or more competent written objections and the planning officer wishes to approve the application; or
- (g) An application where the planning officers wish to approve and the planning application is a significant departure from the Local Development Plan; or
- (h) The application requires to be notified to Scottish Ministers.

Any application that falls within exceptions (c) to (e) shall require the Councillor to provide a relevant planning reason supporting the request for the remit.
